Mr. Larry Geller
Signal Products
3445 N. Kimball Ave.
Chicago, Illinois 60618

Dear Mr. Geller:

An inspection of the above facility was conducted by a representative of the Illinois Environmental Protection Agency (IEPA) on September 26, 1983. A copy of the inspection report is enclosed. The purpose of the inspection was to determine your facility's compliance with the Environmental Protection Act, Ill. Rev. Stat. 1982, Ch. 111 1/2, pars. 1001 et seq., as amended, and regulations adopted by the Illinois Pollution Control Board. Based on the information obtained during the inspection we have determined that the above facility apparently is presently not regulated under 35 Ill. Adm. Code 720 through 725.

Therefore, since your facility is apparently not regulated under 35 Ill. Adm. Code 720 through 725, we recommend that you submit a letter to this office at the above address, requesting that your EPA Form 8700-12 Notification of Hazardous Activity be withdrawn. Copies of this letter should also be sent to USEPA, 230 South Dearborn Street, Chicago, Illinois 60604.

Your cooperation and efforts in this matter are appreciated. Should you have any questions about the report or letter, please contact Lynn Crivello at the above number.

Sincerely,

A handwritten signature in cursive script, appearing to read "Kenneth P. Bechely".

Kenneth P. Bechely, Northern Region Manager
Field Operations Section
Division of Land Pollution Control

Chicago / Signal Products☐ Response requested

This Facility MANUFACTURES Plastic Automotive AND Marine Products,
They generate an ignitable waste of mixed solvents (mineral spirits)
and sells them to Fisher Cale which re uses them as ~~2nd~~
Secondary fuel. The facility is exempt since its waste
is going for recycling.
